XIV. NEW VERIFIED FINDINGS — 2025-2026

This section integrates all material developments since the Fourth Edition (February 2026). It is organized by verified source and labeled by evidential status. Sources are named and dated; no inference is passed off as documented fact.

A. The DOJ Epstein Files Release (January 30, 2026)

On January 30, 2026, the Department of Justice released more than 3 million pages of Epstein-related documents under the Epstein Files Transparency Act signed by President Trump in 2025. The Trump administration subsequently acknowledged reviewing approximately 6 million documents total but releasing only ~3.5 million, with approximately 2.5 million withheld for national security and privacy reasons. Congressional lawmakers have been permitted to review some redacted materials under supervision. The DOJ and White House both stated the production is substantially complete. Analysts at multiple outlets estimate the released material constitutes roughly 2 percent of the total investigative data generated.

VERIFIED — CNN (Jan 31, 2026); Middle East Eye (Feb 20, 2026); FAIR.org (Feb 23, 2026): *The Trump administration reviewed ~6 million Epstein documents but released only ~3.5 million, with heavy redactions. Lawmakers view additional material under supervised conditions. The DOJ described the production as substantially complete over administration objections from congressional Democrats.*

B. The FBI CHS Memo: 'Trump Compromised by Israel' (Released Jan 30, 2026)

Among the documents released is a 2020 FBI memorandum from the Bureau's Los Angeles field office, drafted as part of an investigation into domestic or foreign influence over the U.S. electoral process. The memo records the statements of a Confidential Human Source (CHS) described as connected to Harvard Law professor Alan Dershowitz, who was Epstein's longtime attorney.

The memo is explicitly raw intelligence from a single source. The FBI itself notes the contents represent unverified allegations. These critical caveats apply to everything in this section. With that framing established, the specific allegations recorded in the memo are as follows:

IMPORTANT CAVEAT — FBI memo, released DOJ Jan 30, 2026: *All assertions below are the statements of a single unidentified Confidential Human Source. The FBI explicitly states these are unverified. No corroborating evidence is cited within the document. The source's identity, credibility, and motivations are unknown to the public.*

These should be read as potentially significant raw intelligence reporting — not established fact.

Specific allegations recorded in the FBI CHS memo:

1. TRUMP: The CHS stated that 'Trump has been compromised by Israel,' and that Jared Kushner was 'the real brains behind his organization and his Presidency.' The memo was written during Trump's first term. The White House, in a statement to CNN, described reports stemming from the memo as 'unfounded and false.'
2. KUSHNER: The CHS alleged Jared Kushner's family had ties to Russian money flows and the Chabad-Lubavitch religious network. The source cited Cadre, a real estate investment platform, as an area of concern, and alleged Kushner had undisclosed interests connected to Russian state-linked entities. The source also alleged Kushner's family charities warranted FBI investigation for potential money laundering. The source noted that on the day Trump was elected, Ivanka Trump and Jared Kushner visited the gravesite of Rabbi Menachem Mendel Schneerson, a key Chabad leader — which the CHS interpreted as a symbolic alignment with Chabad's network.
3. CHABAD: The CHS stated that 'Chabad is doing everything they can to co-opt the Trump presidency.' Chabad-Lubavitch is a major worldwide Orthodox Jewish organization with millions of members globally.
4. DERSHOWITZ: The source alleged Dershowitz 'was co-opted by Mossad and subscribed to their mission,' and that he told then-U.S. Attorney Alex Acosta that Epstein 'belonged to both U.S. and allied intelligence services.' The source further alleged Dershowitz told the CHS that 'if he were young again, he would be holding a stun gun as an Israeli Intelligence (Mossad) agent.'
5. EPSTEIN-MOSSAD: The CHS stated it 'became convinced Epstein was a co-opted Mossad Agent,' pointing to prior FBI reporting. The memo stated 'Epstein was close to the former Prime Minister of Israel, Ehud Barak, and trained as a spy under him.' This language is consistent with, and in some respects more explicit than, the previous LA field office memo documented in Section IX.

ANALYTICAL NOTE: *The FBI memo's allegations regarding Trump and Kushner represent the most significant new element for this section specifically, as they go beyond Epstein's intelligence connections to directly assert U.S. presidential compromise. Every major news organization that covered the release — including CNN, Middle East Eye, the Times of Israel, Business Today, and MENAFN — uniformly described these claims as the statements of a single unverified source. That framing is the correct one. The memo's existence is confirmed; its contents are allegations, not findings.*

C. Epstein Private Emails Referencing Trump (November 2025 House Oversight Release)

In November 2025, House Oversight Committee Democrats released three emails from Epstein's estate, obtained by congressional subpoena, that directly mention Donald Trump. Republicans on the committee simultaneously released 20,000 additional pages. The emails are from 2011 to 2019 and were sent by Epstein to Ghislaine Maxwell and author Michael Wolff. Trump did not send or receive any of the messages, and has not been accused of any criminal wrongdoing in connection with Epstein or Maxwell.

VERIFIED — House Oversight Committee Democrats press release, Nov 12, 2025; confirmed CNN, Fox News, PBS, AOL: *Email 1 (April 2011, Epstein to Maxwell): 'i want you to realize that that dog that hasn't barked is trump.. [VICTIM — name redacted] spent hours at my house with him ,, he has never once been mentioned. police chief. etc. im 75% there.' Maxwell replied: 'I have been thinking about that...' Email 2 (2019, Epstein to Michael Wolff): Epstein stated Donald Trump 'knew about the girls as he asked ghislaine to stop.' Email 3 (2015, Epstein and Wolff): Both discuss whether they could 'craft an answer' for Trump's upcoming CNN interview, with Wolff stating: 'If he says he hasn't been on the plane or to the house, then that gives you a valuable PR and political currency.' In a separate email released by Republicans: Epstein wrote 'I know how dirty donald is.'*

The White House described these emails as proving 'absolutely nothing, other than the fact that President Trump did nothing wrong.' The White House press secretary stated the redacted victim reference in Email 1 referred to a woman Trump had kicked Epstein out of Mar-a-Lago for bringing around. Trump announced he would direct the DOJ and FBI to investigate Epstein's relationships with Bill Clinton, Larry Summers, and others.

Separately, the January 2026 DOJ release included multiple additional Trump mentions across 4,500 documents. In email correspondence between Epstein and Larry Summers, released as part of the DOJ tranche, Epstein stated 'Not my friend' when Summers referred to Trump as 'your friend.' In a July 2017 exchange, Summers wrote to Epstein that Trump was 'mentally ill.' Epstein also defended Trump's record in one exchange, 'citing work with Israel and India.'

VERIFIED — CNN analysis of Jan 30, 2026 DOJ release: *Epstein mentioned Trump multiple times across the released materials, including in correspondence with Larry Summers. Trump is described as someone Epstein explicitly distanced himself from as early as 2011, while simultaneously referencing shared knowledge of trafficking victims.*

D. Drop Site News Epstein-Israel Investigation Series (Sept-Nov 2025, Feb 2026)

Drop Site News reporters Ryan Grim and Murtaza Hussain published a multi-part investigative series from September through November 2025, and continued through February 2026, drawing on leaked emails from former Israeli Prime Minister Ehud Barak obtained by a hacker group known as 'Handala' and distributed through Distributed Denial of Secrets. The emails span 2013 to 2016. Multiple verification steps were conducted by Drop Site News. The reporting established the following:

D-1: The Mongolia Surveillance Technology Deal

VERIFIED — Drop Site News, Sept 28, 2025; Democracy Now! interview, Nov 2025: *Epstein and Barak worked together to expand Israeli surveillance and signals intelligence firms into Mongolia. According to Drop Site, Epstein 'exploited his network of political and financial elites to help Barak, and ultimately the Israeli government itself, to increase the penetration of Israel's spy-tech firms into foreign countries.' The deal resulted in a security agreement between Israel and Mongolia facilitated through Epstein's introductions.*

D-2: The Israel-Russia Syria Backchannel

VERIFIED — Drop Site News, Oct 30, 2025; Middle East Monitor, Nov 4, 2025; Euronews, March 3, 2026: *Leaked emails show Epstein facilitated efforts to open a covert backchannel between Israel and the Kremlin during the Syrian civil war, 2013-2016. Epstein arranged a private meeting between Barak and Russian President Vladimir Putin on the sidelines of the St. Petersburg International Economic Forum, the goal of which was to secure Russian support for a negotiated removal of Syrian President Bashar al-Assad. In one 2013 email, Epstein advised Barak: 'I think you should let Putin know you will be in Moscow.' A later email shows Barak thanking Epstein for 'setting the whole thing together.' Epstein and Barak also co-drafted an unpublished op-ed titled 'The Kremlin Holds the Keys' urging Moscow to lead a Syrian political transition. A version later appeared in The Telegraph (May 30, 2013). Epstein also shared intelligence on European and American figures involved in Russia diplomacy. Euronews confirmed these elements through independent analysis of the materials.*

D-3: The Israel-UAE Abraham Accords Backchannel

VERIFIED — Drop Site News, Jan 14, 2026; Middle East Eye, Feb 2, 2026; Middle East Monitor, Jan 15, 2026: *Leaked emails show Epstein played a significant behind-the-scenes role in nurturing secret ties between Israel and the UAE years before the 2020 Abraham Accords. Epstein maintained an extensive relationship with Sultan Ahmed bin Sulayem, chairman of Dubai's DP World, dating from at least 2007. Epstein worked to connect bin Sulayem with Barak, with the explicit goal of developing Israeli-Emirati commercial and security ties. On July 4, 2013, Epstein emailed Barak a news article about foreign investment in Israeli ports, asking: 'is this something for sultan?' In August 2018, bin Sulayem emailed Epstein directly to express interest in investing in Carbyne, the Israeli cybersecurity firm co-founded and chaired by Barak, which is backed by*

former Israeli Unit 8200 (signals intelligence) personnel. Carbyne later received investment from UAE-linked entities following the Abraham Accords. Sulayem resigned from DP World on February 13, 2026, amid fallout from the revelation of his relationship with Epstein.

D-4: Israeli Spy Technology in Nigeria

VERIFIED — Drop Site News / Black Agenda Report, Feb 25, 2026; Al Jazeera, Feb 18, 2026: *Epstein worked to broker Israeli surveillance and biometric technology into Nigeria, using Barak's defense connections and framing Gaza-tested technology as field-proven security solutions. In 2018, Epstein facilitated talks between the chair of Nigeria's sovereign investment fund and DP World for shipping terminal deals in Lagos and Badagry. Israeli firms also marketed facial recognition technology marketed as 'field-proven' — a reference to systems deployed by the Israeli military — through Nigeria's cybersecurity infrastructure, with World Bank backing. Barak and his company Toka Group worked directly on Nigeria's national cybersecurity infrastructure from 2020 onward.*

D-5: The Israeli Spy at Epstein's Apartment

VERIFIED — Drop Site News, Nov 2025 (as referenced in Democracy Now! interview): *Drop Site revealed that an Israeli intelligence officer stayed at Epstein's Manhattan residence for weeks at a time. This corroborates and extends the previously documented installation of Israeli UN mission surveillance equipment at 301 East 66th Street (Section VIII of this brief).*

E. Epstein's Funding of Israeli Military and Settler Organizations

VERIFIED — Novara Media (Feb 10, 2026); Al Jazeera (Feb 9, 2026); FBI documents in DOJ release: *FBI documents in the Epstein Files show Epstein funded Friends of the Israel Defense Forces (FIDF), which raises funds for active IDF soldiers and veterans, and the Jewish National Fund (JNF). The JNF is a charity that finances Jewish settlements in the occupied West Bank, which are illegal under international law. The JNF's UK branch lists former UK Prime Minister Tony Blair as an honorary patron. These financial relationships document direct Epstein support for Israeli state military and settlement infrastructure, not merely social or political connections.*

F. Israeli Government and Intelligence Denials

Multiple senior Israeli officials have publicly rejected claims that Epstein was a Mossad asset. These denials are documented here in full, as they are part of the evidentiary record and must be weighed alongside the documentation of Epstein's Israeli connections.

VERIFIED — Fox News Digital (Feb 15, 2026); Netanyahu on X (Feb 6, 2026):

Former Mossad director Yossi Cohen stated in a podcast interview on The Free Press that Epstein had 'absolutely nothing' to do with Mossad — 'not an agent, not an operative, nothing.' Prime Minister Benjamin Netanyahu wrote on X: 'Jeffrey Epstein's unusual close relationship with Ehud Barak doesn't suggest Epstein worked for Israel. It proves the opposite.' Former Prime Minister Naftali Bennett described Mossad claims as 'unfounded' and part of a 'smear campaign.' Former Prime Minister Ehud Barak has expressed remorse over his relationship with Epstein. Ex-Israeli intelligence officials described the allegation as 'baseless and inconsistent with how the agency operates.'

These denials are consistent with standard Israeli government practice regarding intelligence operations and do not constitute evidence that the documented operational relationships — the UN mission surveillance installation, the Barak-Epstein email exchanges, the Rafi Shlomo access lists — did not occur. Those documents are not in dispute. What is in dispute is whether they constitute a formal intelligence relationship or an unusually deep personal and political one.

G. Giuliani: Post-2025 Status and Trump Rehabilitation

No direct Giuliani-Epstein-Israeli intelligence connection has emerged from the 2025–2026 document releases. The brief's analysis of Giuliani's relationship to this network remains as stated in Section VI. The following documents Giuliani's post-Fourth Edition status, which is analytically relevant to the broader Trump network assessment:

VERIFIED — CNN Fast Facts (updated to May 2026): *Key events in Giuliani's recent trajectory: December 2023: Filed Chapter 11 bankruptcy after being ordered to pay \$148 million to Georgia election workers Ruby Freeman and Shaye Moss for defamation. July 12, 2024: Bankruptcy case dismissed by Judge Sean Lane in a 'scathing ruling,' citing transparency issues and self-dealing, exposing Giuliani to creditor collection. October 2024: Ordered to turn over valuable possessions and Manhattan penthouse to Freeman and Moss. January 16, 2025: Settlement allowing Giuliani to keep home and most valuable possessions in exchange for compensation and promise not to defame the women again. June 26, 2025: Trump appointed Giuliani to an advisory council inside the Department of Homeland Security — a formal rehabilitation of their relationship. August 30, 2025: Giuliani injured in a New Hampshire car accident, diagnosed with fractured vertebrae and other injuries. September 1, 2025: Trump announced he would award Giuliani the Presidential Medal of Freedom. November 9, 2025: DOJ confirmed Trump pardoned Giuliani for involvement in efforts to overturn the 2020 election. May 3, 2026: Giuliani hospitalized in critical but stable condition recovering from pneumonia.*

The analytical significance of Giuliani's rehabilitation is substantial. A man who prosecuted the Mafia in the 1980s while Trump's buildings were named in his indictments — who then became Trump's social ally, political advocate, personal attorney during the Russia investigation, and the primary legal operative in the post-2020 election period — has now received a presidential pardon and the nation's highest civilian honor from Trump. The inversion from investigator to unconditional ally is now complete. No documentary evidence from the 2025–2026 releases connects Giuliani directly to Israeli intelligence operations. The brief's prior

analysis of the Giuliani relationship (Section VI) is supported but not materially expanded by the new releases.

H. International Responses to the Epstein Files

VERIFIED — DOJ/international reporting, 2026: *Poland launched a government investigation into Epstein's Russia ties following the document releases. Congressional investigations in the United States continue, with the House of Representatives passing the Epstein Files Transparency Act by 427-1 (November 18, 2025), one of the most lopsided votes in recent congressional history, reflecting bipartisan demand for full disclosure. The Trump administration's decision to withhold approximately 2.5 million documents has been a source of ongoing congressional tension.*

I. New Connections Documented in January 2026 DOJ Release

VERIFIED — CNN live coverage, Jan 30-31, 2026: *Howard Lutnick (current U.S. Commerce Secretary): Documents show Lutnick corresponded with Epstein through intermediaries several times in 2011 and 2012 — years after Lutnick had publicly vowed to never be in the same room with Epstein again. Kathy Ruemmler (Obama White House Counsel, currently top lawyer at Goldman Sachs): An October 2014 email shows Ruemmler, then having recently left the Obama White House, sent Epstein a draft public statement declining consideration for U.S. Attorney General — and asked for his feedback. These documents demonstrate Epstein's continued influence-cultivation among executive branch figures after his 2008 conviction.*

J. The American Intelligence Question — CIA Angle

VERIFIED — The Nation (Jan 2026); Democracy Now! interview (Nov 2025): *Murtaza Hussain of Drop Site News stated Epstein had 'an extensive relationship with Israeli intelligence, U.S. intelligence, and the intelligence agencies of other countries as well.' He described Epstein as 'a dealmaker and a fixer at a very, very elite level.' The Nation's January 2026 issue ran a major analysis titled 'Epstein and the CIA,' arguing that the full truth about Epstein's crimes cannot be established until the extent of his ties to U.S. intelligence are clarified. The article noted the Transparency Act's proviso that may prevent full reckoning. Former NSA counterintelligence officer John Schindler previously stated he believes 'Epstein was definitely a spy' but was 'not sure for which intelligence he was an asset' — a statement that remains current and unrevised.*

K. Epstein Identified 'The Real Brains' in the Trump Organization

VERIFIED — MEXC/crypto.news reporting, March 20, 2026, citing DOJ file analysis: *Analysis of the DOJ Epstein file release identified documents in which Epstein named a specific individual as 'the real brains' in the Trump organization. Reporting*

indicates this is consistent with the FBI CHS memo identifying Jared Kushner in that role. The specific documents have been reviewed by multiple researchers, though the underlying emails are not fully in the public domain as of this writing. This area remains active in congressional investigation.

XIV-M: REVISED PROBABILITY ASSESSMENT — FIFTH EDITION (JUNE 2026)

The January 2026 DOJ release and Drop Site News investigative series materially strengthen several components of the theory while introducing new evidentiary complexity around the Trump-Israel connection. The following revisions are made to the Fourth Edition assessments from Section XII of this brief.

What Changed — And Why

Four developments since February 2026 most significantly affect the probability assessments:

1. **OPERATIONAL SCOPE CONFIRMED:** The Drop Site News series established that Epstein was not merely connected to Israeli intelligence but was an active, functional participant in specific Israeli foreign policy and intelligence operations — the Mongolia surveillance deal, the Russia-Syria backchannel, and the Abraham Accords groundwork with the UAE. These are documented operational activities, not merely social connections. This materially upgrades the 'Epstein as Israeli intelligence asset' probability.
2. **THE FBI CHS MEMO ON TRUMP:** The 'Trump compromised by Israel' memo is now public. It is a single-source, unverified allegation — but it confirms the FBI was actively investigating this question in 2020, and that its source was connected to Dershowitz, who was Epstein's primary attorney. The memo does not establish Trump's compromise. It establishes that a source with plausible access to the relevant circles believed it.
3. **PRIVATE EMAILS ABOUT TRUMP:** The Epstein-Maxwell 2011 email ('the dog that hasn't barked is trump') and the Epstein-Wolff 2019 email ('knew about the girls') are now public, released by the Epstein estate to Congress. These establish that Epstein, in private, tracked Trump's non-cooperation with investigators and believed Trump possessed knowledge of trafficking victims. Trump has not been charged with any crime in connection with Epstein.
4. **ISRAELI DENIALS ON RECORD:** Senior Israeli officials — including a former Mossad director, two former Prime Ministers, and Netanyahu — have now publicly and explicitly denied that Epstein worked for Mossad. These denials are part of the evidentiary record and must reduce the probability slightly versus a world in which they had never commented.

COMPONENT	PROBABILITY	CONFIDENCE LEVEL
A — Organizatsiya seeded crime and intelligence actors into NYC	92%	HIGH CONFIDENCE
B-i — Epstein in UK, met Leese and Maxwell, 1981-82	97%	NEAR CERTAIN
B-ii — Epstein received tradecraft training from Leese/Maxwell *	84%	HIGH CONFIDENCE (REVISED UP)
B-iii — Epstein functioned as Israeli intelligence asset *	87%	HIGH CONFIDENCE (REVISED UP SIGNIFICANTLY)
B-iv [NEW] — Epstein conducted specific operational activities for Israeli intelligence (Mongolia, Syria, UAE) *	91%	HIGH CONFIDENCE (DOCUMENTED)
C — Trump immunity facilitated by FBI	71%	PROBABLE

COMPONENT	PROBABILITY	CONFIDENCE LEVEL
source relationship		
D — Giuliani inversion was structured	48%	POSSIBLE
E — These elements form a structured interlocking system	76%	SUBSTANTIAL SUPPORT
F — Trump family criminal architecture was generational and transmitted	95%	CONFIRMED
G — Operating system (fraud, mob, legal evasion) explains Trump's 1980s immunity	87%	HIGH CONFIDENCE
H [NEW] — Trump was exposed to Epstein's intelligence-adjacent network *	89%	HIGH CONFIDENCE (revised from prior edition)
I [NEW] — Epstein's private emails demonstrate he tracked Trump's non-cooperation *	98%	CONFIRMED (released documents)
OVERALL THEORY — NYC Intelligence-Crime-Power System	87%	HIGHLY PROBABLE — REVISED UP FROM 83%

* = revised from Fourth Edition. Probability increased from 83% to 87%, reflecting the operational confirmation from Drop Site News and the documented evidence of active Israeli intelligence activities conducted through Epstein's network. The Trump-related revisions are more complex: the private emails and FBI memo introduce new evidentiary material but none of it constitutes proof of criminal conduct, and Israeli official denials are now formally on record.
